First year of studies (DAT/SW/DV)	Strandvejen Auditorium 7	Bad indoor climate	<p>First year of studies: Has been reported to CAS many times. According to CAS, they have made some adjustments within the the current frames. Bigger investments is prioritised with the pro-deans.</p> <p>The first year of studies has reported this again to CAS on May 7 and the answer is: CAS has initiated a log file to control the CO2 conditions, etc., and will investigate what they can do to solve the problem.</p>	First year of studies
First year of studies (DAT/SW)	Strandvejen 12-14 Aud. 7	Carpet causes allergy problems	<p>Has been reported to CAS again.</p> <p>Answer 28072020: 8/7-20: CAS is investigating if it is the indoor climate which is causing the carpet to result in allergy problems.</p>	First year of studies
First year of studies (BAIT)	Group rooms (b370-b)	Group rooms feel very small and like a cell	<p>These are the best group rooms at first year of studies: Other study programmes think that is positive that a good study environment has been made in this section.</p>	First year of studies
First year of studies (DAT/SW)	Strandvejen 12-14	Shared group rooms are bad for the working environment	<p>Unfortunately, we are not able to change this as these are the rooms available. We try to plan so that it is not the same people that are in the same rooms all the time.</p>	First year of studies
First year of studies (DAT/SW)	Strandvejen 12-14	Dull and ugly groups rooms with nothing to look at	<p>CAS is investigating how the walls in the building might be improved.</p> <p>28/7-20: CAS has had a meeting with pro-deans in June about how to improve the look of rooms at AAU.</p>	First year of studies

Study programme	Building	Problem / Wish	Status	Responsible
BAIT3	Create/RBG 6	A lot of noise on the top level of RGB6	The department has reported this to CAS on June 22.	CAS
DAT/SW3/IXD7	SEL300	Much noise because of rebuilding	Is now over and can be expected during a rebuilding.	CS department
DAT/SW3/SW5	SEL300	Miss table tennis and table football	The table takes up a lot of space and leads to a lot of noise. Suggestion earlier has been to move it to NOVI9 – but this also requires that it does not lead to noise.	CS department
DAT/SW3/SW5	SEL300	Larger bike shed/better coverage	Reported to CAS on May 18. July 7: CAS reports it has been assigned to project manager.	CAS
IXD3	SEL300 – usability lab	Wish for new equipment	A new usability lab has been established in 2020 with state of the art equipment.	CS department
IDA7	SEL300	Longer opening hours in canteen	Was reported to CAS on May 18. Answer is: There is currently no economy in prolonging the opening hours in the current contract with Chartwells. At the next renewal of contract it will be considered as we have more students who ask for this, which we of course will try to fulfill but under the right conditions.	CAS
