Semesterkoordinators evalueringsrapport for Idrætsteknologi 10. semester
Årstal: 2020 Semesterkoordinator/dato for udarbejdelse af rapport: Mark de Zee / 20-10-2020 Antal afholdte styrings-/semestergruppemøder på semestret: 4 Bilag vedhæftet: (Referater fra semestergruppemøde skal kun vedhæftes, hvis de ikke tidligere er sendt til studienævn (studienævnsekretær). Semesterevalueringsrapport skal <u>ikke</u> vedhæftes.
Semestret generelt (bemærkninger til forberedelse/opstart, studie-/læringsmiljø, studerendes arbejdsindsats, deltagelse i styrings-/semestergruppemøder og semesterevaluering, administration, fysiske rammer m.m.) Only three persons have answered the questionnaire, which makes the students evaluation not representative at all. This means that if only one student is negative the bar is already red. Therefore, I will not consider those in my evaluation. The influence of corona on the semester has been big. It was necessary for most of the project groups to change their plans. Already early in the lockdown we had several extra semester meetings to mitigate the changing situation. It seems to me that the supervisors and the students coped with the situation well. There was a project catalogue but most of the students had already their own ideas with what and with whom they wanted to work. The forming of the groups went fine. The exam itself was done physically, but the external censor was in most cases online. It worked quite ok, but in my experience, we get better discussions if everyone is together in one room.
Projektmodul (bemærkninger til forløb af gruppedannelse, forløb af projektgruppearbejde, projektvejledning, sammenhæng mellem projektgruppearbejde og kursusmoduler, statusseminar, eksamen m.m.) See the remarks about the semester in general.
Kursusmoduler (bemærkninger til kursusmodulers forløb – forelæsninger, caseundervisning, klinik ophold og kliniske øvelser, sammenhæng/progression i/mellem forløb, forberedelse/opgaveløsning/øvelser, eksamen m.m.)

Action points/planlagte tiltag

We still need a plan to make the master program international again.

Evt. andre kommentarer

In the questionnaire, one student reported some kind of harassment by a teacher. This is not something, I have been informed about during the semester and have no information to investigate this further.
