

Study board conclusions of the semester and teaching evaluation report

Year:	2023
Campus	Copenhagen
Semester	MED7C
Coordinator:	Stefania Serafin
Date:	Handled at SB meeting April 3 rd , 2024

This document represents the public version of the evaluation of the semester. The document forms together with the semester and teaching evaluation report the basis of any adjustments to the semester's description, planning, execution and/or evaluation of the next iteration of the semester and are used by the coming semester coordinator and semester planning group.

The document also represents the study board's response to the students, teachers, coordinators and other interested parties about possible consequences of conditions that the students of the semester have pointed out.

The public conclusions and recommendations of the semester coordinator

The semester went overall pretty well.

There were some logistical problems regarding grouprooms due to the renovations on the campus in Copenhagen.

It is desirable that the coordinator is involved either in teaching or supervision. Stefania was neither teaching or supervising in med7, which makes it harder to follow the activities.

Conclusion of the study board

The Study Board (MSN) has processed the semester evaluation report and offers the following observations/conclusions:

- 3 out of 29 respondents. Much too low. Feedback from students in semester group meetings resulted in good feedback to the teacher of the narratives course. It is problematic that the coordinator is not teaching or supervising in this semester (the Study Board is aware that the coordinator was asked very late).
- Grades look fine.
- Challenges in the wearable course is that the students have different backgrounds. Maybe having a few lectures for the students without having a background. Or use the students with a strong background to help teaching the new ones.

MSc01 MEDC

MSc01 MEDC - Machine Learning for Media Experiences - I have received the expected benefit from the module

MSc01 MEDC - Machine Learning for Media Experiences - The literature used has supported my learning

MSc01 MEDC - Machine Learning for Media Experiences - The form of teaching used has supported my learning

MSc01 MEDC - Machine Learning for Media Experiences - The exercises/tasks for the course have been relevant

MSc01 MEDC (elective) - Real-Time Computer Graphics - I have received the expected benefit from the module

MSc01 MEDC (elective) - Real-Time Computer Graphics - The literature used has supported my learning

MSc01 MEDC (elective) - Real-Time Computer Graphics - The form of teaching used has supported my learning

MSc01 MEDC (elective) - Real-Time Computer Graphics - The exercises/tasks for the course have been relevant

MSc01 MEDC (elective) - Mobile and Wearable Computing - I have received the expected benefit from the module

MSc01 MEDC (elective) - Mobile and Wearable Computing - The literature used has supported my learning

MSc01 MEDC (elective) - Mobile and Wearable Computing - The form of teaching used has supported my learning

MSc01 MEDC (elective) - Mobile and Wearable Computing - The exercises/tasks for the course have been relevant

MSc01 MEDC (elective) - Narratives in Interactive Systems - I have received the expected benefit from the module

MSc01 MEDC (elective) - Narratives in Interactive Systems - The literature used has supported my learning

MSc01 MEDC (elective) - Narratives in Interactive Systems - The form of teaching used has supported my learning

MSc01 MEDC (elective) - Narratives in Interactive Systems - The exercises/tasks for the course have been relevant

MSc01 MEDC (project) - Adaptive Media Systems - The chosen problem has been a good foundation for unfolding my professional ambitions

MSc01 MEDC (project) - Adaptive Media Systems - The cooperation in the project group has worked well

MSc01 MEDC (project) - Adaptive Media Systems - The courses have supported the project work

MSc01 MEDC (project) - Adaptive Media Systemsgn - I received the expected supervision

I have developed myself academically during the semester

The following activities have developed me academically during the semester:
- Project work

The following activities have developed me academically during the semester:
- Academic discussions with fellow students

The following activities have developed me academically during the semester:
 - Academic discussions with teachers

The following activities have developed me academically during the semester:
 - Practical exercises and experiments

When I reflect on my own efforts, I have: - Been active in lectures

When I reflect on my own efforts, I have: - Participated actively in the project group work

When I reflect on my own efforts, I have: - Prepared myself ahead of class

When I reflect on my own efforts, I have: - Prepared myself prior to the project group work

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My professional skills

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to identify and formulate problems

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to attack and process problems

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to organize a longer work process and "reach the goal" on time

The following questions pertain to the semester as a whole: - I have received sufficient practical information about the semester's activities

The following questions pertain to the semester as a whole: - I feel that the semester has given me the opportunity to engage in current issues relevant to external partners

The following questions pertain to the semester as a whole: - I feel that I have addressed issues related to current societal challenges and opportunities

The following questions pertain to the semester as a whole: - I feel that the modules have supported the project work

Samlet status
