Which programme are you applying for:	

Admission based on an exemption means that you can follow courses up to a maximum of 30 ECTS points on a Master's programme, while completing your bachelor degree concurrently.
Please note that admission based on an exemption does not entitle you to the Danish State Grant for students (SU). It is only possible to receive SU if you are still entitled to additional payments via your bachelor programme.
Read more about SU [here](#).

Please state which courses you still need to pass in order to complete your bachelor programme by 1st September.

Semester	Name of project/courses	ECTS	Date for re-examination

Please state your reasons for applying for an exemption (other than uncompleted courses/projects). Please explain why you have not yet finished your bachelor's degree and why you think you will be able to pass the missing course(s) while being enrolled to the Master's programme.

--

You must submit the form via your AAUmail to the Admissions Office on masteradmission@aau.dk. The form must be submitted no later than 25 August (September intake)/ 25 January (February intake). This deadline also applies if you have a re-examination after this date.
