

## Workshop on interdisciplinary teamwork

## Workshop i tværfagligt samarbejde

The purpose of this workshop is to strengthen the students' development of PBL competences within interdisciplinary collaboration. The workshop will be activity-based, with focus on exercises and theory to prepare students for working with interdisciplinary issues, to communicate professionally, as well as managing tools for interdisciplinary teamwork. During the workshop, point of departure will be taken in questions like: "Why is it important to be able to work interdisciplinary? How can we work interdisciplinary in our project? What should we be aware of and what tools and resources can help us?" The workshop will last approx. 3 hours and a central output of this workshop is for students to get a better understanding of what to be aware of in interdisciplinary settings and how to work together in interdisciplinary teams.
