

Semesterkoordinators evalueringsrapport for Sports Technology, 3. semester
<p>Årstal: 2020 Semesterkoordinator/dato for udarbejdelse af rapport: Mark de Zee / 12-03-2021 Antal afholdte styrings-/semestergruppemøder på semestret: 1 Bilag vedhæftet: No</p>
<p>Semestret generelt (bemærkninger til forberedelse/opstart, studie-/læringsmiljø, studerendes arbejdsindsats, deltagelse i styrings-/semestergruppemøder og semesterevaluering, administration, fysiske rammer m.m.)</p> <p>15 (83 %) students have filled out the semester evaluation, which is acceptable.</p> <p>The 3 semester is characterized that many students are doing their project as an internship or in cooperation with an external partner. All projects were done together with an external partner, which is great. Due to the covid situation no student was able to do their project outside Denmark, which would normally be the case.</p> <p>It seems that one student was not happy with his/her "praktik". As a coordinator I would have liked to know which student and project this was. I think there has been a mismatch with the expectations. I don't see this as a regular problem. However, I do like the advice to call the semester "projekt med eksternt samarbejde" and try to avoid the word "praktik". The focus is always the project. And we recommend to do the project with external cooperation, but it is and has never been obligatory. A project with external cooperation can have different forms:</p> <ol style="list-style-type: none">1. The student/group is physically working on their project at the external partner like an internship.2. The student/group is physically working on their project though in cooperation with the external partner.3. Sometimes a combination of 1. and 2. can be used as well.
<p>Projektmodul (bemærkninger til forløb af gruppedannelse, forløb af projektgruppearbejde, projektvejledning, sammenhæng mellem projektgruppearbejde og kursusmoduler, statusseminar, eksamen m.m.)</p> <p>The group formation of the students went smooth. One status seminar was organized.</p>
<p>Kursusmoduler (bemærkninger til kursusmodulers forløb – forelæsninger, caseundervisning, klinik ophold og kliniske øvelser, sammenhæng/progression i/mellem forløb, forberedelse/opgaveløsning/øvelser, eksamen m.m.)</p> <p>N/A</p>
<p>Action points/planlagte tiltag</p> <p>Try to avoid the word "praktik".</p>
