

Professional communication as part of problem based project work

Professionel kommunikation i det problembaserede projektarbejde

The purpose of this workshop is to strengthen the students' communication abilities. It is a 3-hour activity-based workshop where the students will be introduced to different theories and exercises within communication. Students will know about different aspects of good communication and context in communication. They will identify criteria for an excellent presentation and be introduced to presentations techniques, content and structure. Also, communication in different contexts and cultures will be touched.
